

Red Lion, Lingfield Bottle Cooler 21st through 24th June 2003

Overall savings with EnviroStart fitted >45% providing a payback of <1.7years and a first year ROI of >58% based on £0.08p/kWh cost of energy.

Operational life of the systems to which the EnviroStart was fitted increased from an average of three to over five years as a result of the compressor motors running cooler.
